

Exhibitors Information

<p>Intelsat Booth # 1</p>	<p>APNIC Booth # 2</p>
<p>Agile NZ Booth # 3 & 4 - Provides last mile Telco access over copper, Radio and Fibre (RAD), Voice and Cellular backhaul circuit optimization (RAD), Ethernet/Internet/LAN extension(RAD), Telephony and VoIP servers and gateways (Avaya), CTI integration and software development (Agile Software)</p>	<p>Martin Group Booth # 5 - Will display Integrated BSS/OSS Suite, OMNIA & OASIS, Enhanced Services Platform, eCRM, Engineering, Business Services</p>
<p>Paalink Communication Booth # 6 - Products include Multiple-customer based services (voice, internet access, video conferencing, and video streaming) for next generation telecommunications networks and continued support of legacy systems.</p>	<p>Maser Technology Booth # 7 & 8 - Providers of complete network solution for Mobile Operators, government and distributed enterprises for remote communities. Anite Nemo - Optimization Drive Test solutions for wireless networks for Measuring, Monitoring, Optimization, Troubleshooting, Planning, Tuning, and Maintenance. Maser - Wireless Access Embedded Software - Mobile Software application for Enterprise and Government to access information while on the move. Spinner - Connectors and Jumper leads.</p>
<p>Kathrein Booth # 9 & 10 - ultra broadband antennas, 3G(UMTS 900/2100) products including special tower mounted amplifiers(TMA's) and combiners.</p>	<p>Metaswitch Booth # 11 - Vendor of switching and applications solutions for both packet and circuit-switched networks. Its MetaSphere service delivery platform and applications suite enables a broad set of hosted IP communications services, while its core session control and media/signaling gateway products support a full range of Class 4/5 softswitch capabilities.</p>
<p>Atlas Gentech Booth # 12 - Authorized agents and re-sellers for the World's leading brands that include 3M, Altec lansing, Doro, GE, LG-Nortel, Motorola, Plantronics, Polycom, Siemens and VTECH. Our extensive product range includes Structured Cabling, Telecommunication Headsets, Business Telephone Systems, Cordless DECT Telephones.</p>	<p>Occam Networks Booth # 13 - Using IP as the service delivery protocol and Ethernet for transport, the BLC 6000 multi-service access platform can be used in Ethernet FTTP, GPON FTTP, copper or hybrid access network environments.</p>
<p>Acclinks Booth # 14 - Providers of customized cellular phones, solar/wind hybrid power systems, SIM/UiM cards, phone cards, digital TV systems, repeaters, and cellular network planning and optimization services.</p>	<p>Challenge Networks Booth # 15 - Distributor of turn-key networks & expansions, Network design & system commissioning, including system & network integration, Multi vendor 3PP products, Consulting, Project Management, radio Access Network - Design and Optimization, Transmission Network Design, Network Management Systems and their Operations.</p>
<p>Erico Lightning Booth # 16 - ERICO carries a full range of products for earthing, surge protection and lightning protection for telecommunications sites. In addition to this, we offer design support and training for our valued clients.</p>	<p>ITC Booth # 17 - will display eGovernment online services and display of 2 pull up banners and 1 hang banner</p>
<p>STEP Electronics Booth # 18 - Providers of many critical items like V-SAT Antennas, LNBS, BUCs, RF Transcovers, Modems and Wave guide components are kept in stock. We also specialize in shipping these to New Zealand and PIC. Some of the products that we carry include, Comtech EF Data and Paradise satellite modems, Codan and Paradise Datacom BUC's and Transceivers, Norsat & NJRC LNB's, Prodelin VSAT antennas and VertexRSI Earth Stations</p>	<p>Trendtek Australia Booth # 19 - Providers of Analogue telephone, key systems, GSM telephones, CMDA telephones, cordless telephones, conference telephones, hospitality telephones, ADSL Modems, ADSL splitters, pay telephones, pre-paid public telephones, GSM public telephones, general customer access hardware</p>
<p>Orange</p>	<p>AB Satellite</p>
<p>Sagem Communications</p>	<p>Australia satellite Communication</p>
